

ORIENTEERING TASMANIA

SUN COAST CLASSIC

SILVA NATIONAL ORIENTEERING LEAGUE - RACES 10, 11 & 12

May 17-18, 2008

FINAL EVENT INFORMATION AND START LISTS

COURSE INFORMATION

	Length (km)	Climb (m)	Controls
NOL 10 - Sprint - Littlechild Creek - 1:5,000 - 5m contours			
M21E & M17-20E	2.7	85	17
W21E & W17-20E	2.3	85	16
NOL 11 - Middle distance - Littlechild Cr. 1:10,000 - 5m contours			
M21E & M17-20E	4.9	135	20
W21E & W17-20E	4.3	115	14
NOL 12 - Long distance - Mt Pearson 1:15,000 - 5m contours			
M21E	13.8	530	25
W21E & M17-20E	8.9	360	15
W17-20E	5.6	190	13

DIRECTIONS TO THE RACES

Sprint and middle distance races:

From St Helens, head north on the Tasman Highway towards Scottsdale. Soon after leaving the township, turn right onto Ansons Bay Road and travel north through Priory. Soon after leaving the farmland, watch for "O" signs at a track turn-off into the bush on the right.

Allow 15 to 20mins from St Helens to the assemble area

Long distance race:

From St Helens, head north on the Tasman Highway towards Scottsdale. Soon after leaving the township, turn right onto Ansons Bay Road. After about 2km, turn right onto Reids Rd. Follow this road until you see the "O" signs for a left turn into the forest.

Alternatively, heading north, turn right into Quail St toward Binalong Bay. Travel approximately 8km and turn left towards 'The Gardens'. Turn immediately left onto Reids Rd and travel for about 3.5km to the O sign. Turn right into the forest.

Allow 15 to 20mins from St Helens to the assemble area.

EVENT INFORMATION

- 2-4 minutes before your start you will move into your start lane where loose control descriptions will be available. 1-2 minutes before your start you'll move to the map box: mark your name on the back of the map and wait for the start signal. On the start signal you'll register your start using a SI start unit, then pick up your map and follow tapes to the start triangle (compulsory).

- Previous versions of the maps will be on display at the arena and at the start. Competitors are expected to keep any information about the terrain, the race layout and route choice decisions confidential until the last start.

Sprint and middle distance (Littlechild Creek)

- There will be a walk of 100 to 300m from the parking area to the arena. Both starts are close to the arena (<200m).
- All areas to the east of the main access track, to the north of the car park and beyond the arena are out of bounds.
- No quarantine will be applied for the sprint.
- The forest has variable runnability from excellent to areas of slower running and reduced visibility. There are areas of detailed granite rock formations of boulder large and small, cliffs large and small and rock knolls with not a lot of rocky ground present. Major water courses are typically shrouded in dense vegetation that is difficult and challenging to cross. Generally the green areas are thicker than the map suggests, especially in wetter (marshy) areas. Although there are areas of fallen trees and branches which will tend to slow runners, you will not be passing through any significant areas of past logging.
- The Sprint involves a large number of controls in a small area. In addition there are extra controls due to overlap with the area used for the Middle Distance event. Runners should be particularly careful to check control numbers before punching.
- There are some tapes in the forest for junior courses in the public races. They do not apply to the NOL courses.
- There are several watercourse crossings on the middle distance courses which have been taped (pink) in the terrain and marked on the maps with IOF symbol 708. Where possible it is highly recommended these are used, particularly for the major creek intersecting the competition area.

Long distance race (Mt Pearson)

- The start is a 200m easy walk from the arena. There is no pre-start; competitors are at the start triangle when they pick up their map.
- There will be a footbath in the start area to prevent the spread of phytophthora. Please use it conscientiously.
- There are several controls in the forest close to the tracks around the arena and the start area. The forest is out of bounds until you start your course - please restrict your warm up to the track between the arena and the start area.
- The terrain is generally very fast, but the green is of varying speed, having grown back since the recent fires at different rates. The south side of many of the hills has denser vegetation and may be slippery. Although the dark green along the creeks is generally very thick it can usually be crossed via (unmapped) animal tracks or the occasional more open areas (mapped as lighter green or white).
- Many, but not all of the high points mapped as brown dots are rock.
- Many of the tracks are quite faint and may be obscured by fallen trees. There are some unmapped tracks made by firewood cutters.
- Course 1 has a spectator control with drinks.
- Please drive very slowly on the way in. The track is rough and several courses cross the road in to the arena.

START LISTS

NOL 10 - SPRINT -17/05 AM

	MEN		WOMEN	
10:00	Ian	Meyer	Allison	Jones
10:01	Rory	Finlay	Ilka	Barr
10:02	Nick	Andrewartha	Jenny	Casanova
10:03	Andy	Hogg	Vanessa	Round
10:04	Oscar	Phillips	Shannon	Jones
10:05	Steve	Doyle	Kathryn	Ewels
10:06	Bruce	Arthur	Rachel	Effeney
10:07	Peter	Effeney	Briohny	Davey
10:08	James	Sheldon	Karen	Blatchford
